2. Materials

Products supplied by Intex International are manufactured from zinc coated steel coil material which is classified as a non-hazardous material. Products have limited corrosion protection which can be compromised in corrosive conditions such as acid and salt spray. If the products are to be used in such conditions, it is recommended that you contact Intex International for further information.

3. Handling & Storage

Products are supplied in pack and sub-pack quantities and should be handled in accordance with the recommendations contained in AS 1470 - Health and Safety at Work Principles and Practices. Where mechanical lifting or moving is required, trained and licensed operators are to be used. Products should be stored in an environmentally friendly area away from airborne contaminants such as acid and salt spray.

4. Safety

It is our recommendation that protective clothing should be worn when handling products in accordance with the recommendations contained in AS 2161 - Occupational Protective Gloves, and that they should be checked regularly for damage. It is recommended that protective goggles should be worn when handling products in accordance with the recommendations contained in AS 1336 - Eye and Face Protection. People with sensitive skin conditions should seek medical advice before prolonged handling of products. Hands should be washed before eating and for personal hygiene.

5. Site Training

It is the responsibility of the contractor to ensure that their employees are trained in all on-site occupational, health and safety procedures as these procedures can vary from site to site.

6. Flammability

Products are non-flammable.

7. Other Information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

DISCLAIMER OF LIABILITY

The information in this SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in anyway connected with the handling, storage, use or disposal of the product. This SDS was prepared and is to be used only for this product. If the product is used as a component in another product, this SDS information may not be applicable. Accordingly, Intex will not be responsible for damages resulting from use of or reliance upon this information.
