Run Time	3/6 Hour
Charge Time	5 Hours
Battery	3.7V/4.4Ah
USB Charger	5V/1A AU
Water Resistant Rating	IP65
Impact Resistance Rating	IK09
Warranty	12 Months

Compliant with AS/NZ Standards

Contents:

10W LED Magnet-Light
3.7V 4400mAh Li-ion Battery Pack
Micro USB Charger Cable
Instruction Manual

Battery & Power Instructions:

- Charge battery for at least 8 hours before first use.
- Red indicator on lamp means 'charging in process'.
- Green indicator on lamp means 'charging complete'.
- Always fully charge to extend battery life.
- Do not leave battery in full discharged condition.
- Recharge Work Light at least once in every 30 days.
- Do not charge Work Light if wet or damp.
- Only use original and genuine Intex cords and chargers.

Warnings:

- Wear safety goggles (user and bystanders).
- Avoid looking directly into light beam.
- Do not use Work Light near open flames.
- Do not cover LED lens when operating, to prevent overheating.
- Do not contaminate LED lens with organic solvents.
- Take care to position Work Light in a careful manner to ensure the light is properly supported by the stand.
- After adjusting Work Light stand angle be sure to tighten the stands adjustment screw.
- When using Work Light at heights take additional precautions to ensure safe use and prevent falling objects causing harm to bystanders and equipment.
